**Fuel Surcharge.**

Effective on April 1, 2013, for-hire intrastate motor carriers of household goods may charge a fuel surcharge on weight/distance shipments governed by the Department's Maximum Rate Tariff No. 2 (MRT). Based on market fluctuations in the price of fuel, the Commissioner may increase or decrease the fuel surcharge by Administrative Order. The current allowable fuel surcharge will be posted on the Department's MCCC Regulations Compliance website at [www.gamccd.net](http://www.gamccd.net). All fuel surcharge revenue assessed and collected shall be passed on or otherwise credited to the purchaser of the fuel. The fuel surcharge is to be assessed once per shipment, regardless of the number of vehicles used. No person or motor carrier may charge a customer a fuel surcharge amount greater than the amount authorized by the Commissioner at the time the move occurred.

Effective April 1, 2013, the fuel surcharge set by the Commissioner is **\$1.00 per mile.**

This amendment is also referenced in Chapter 1 of the Department of Public Safety's Household Good Mover Rules.
