

LIMOUSINE CARRIER ADVISORY

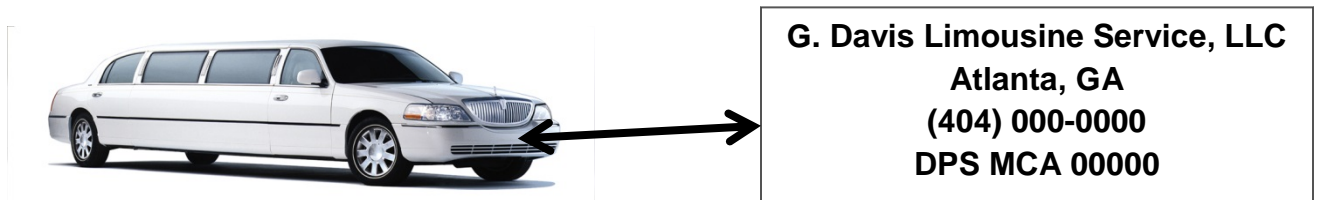

Based on recent legislation (HB 323), the limousine carrier identification and marking requirements will change on **July 1, 2013**. Limousine carrier vehicles must be marked as specified in OCGA §40-1-167, as follows:

Each "**LIMOUSINE CARRIER**" which registers any vehicle under this article shall, for each such certificated vehicle, affix to the center of the front bumper of each such certificated vehicle a standard size license plate bearing the following information:

For Lightweight Commercial Vehicles (LCMVs) (8 or less passenger capacity including the driver):

1. Limousine Carrier name
2. City & State of principal domicile
3. Company Telephone Number
4. Department of Public Safety MCA Number, which is issued by DPS at the time the operating authority is issued to the carrier.

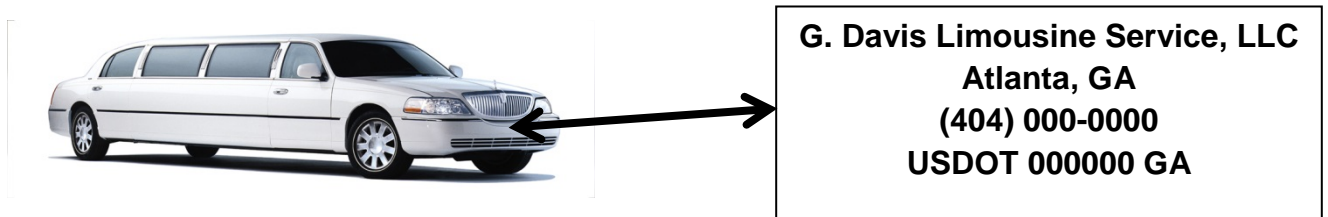

LCMV limo Marking Example (8 or less passenger capacity)

For Commercial Motor Vehicles (more than 8 passenger capacity including the driver):

1. Limousine Carrier name
2. City & State of principal domicile
3. Company Telephone Number
4. Federal or State Motor Carrier Identification Number (USDOT number).

CMV limo marking example (more than 8 passengers, including the driver)

Note: If your USDOT number was issued by FMCSA, drop the letters "GA" from the above example and include the USDOT Number as "USDOT 000000."
