Each qualified applicant will be required to complete eight classroom hours of Georgia Department of Public Safety Oversize/Overweight Permit Unit's Escort Vehicle Operator Certification Program offered by the Georgia Technical College System with an examination score of at least 80% to obtain the official certification of the State.

The certification shall be effective for four years from the issue date with an anticipated cost of the course set at \$79. Upon satisfactory completion of the course, the Georgia Department of Public Safety, at no fee, will issue a certificate to each individual comprised of a wallet card to be maintained in the escort vehicle during operation.

**Georgia Department of Public Safety will recognize escort vehicle operator certifications from other states whose programs meet or exceed the objectives of the Georgia program for operators that currently have a valid out-of-state driver's license and certification. Please see the web site for an updated list of other state's approved programs.**

Operators with an out-of-state driver's license without a valid certification, or in states where Georgia does not recognize the program, and all operators with a Georgia driver's license, will be required to obtain a certification from the state of Georgia. All escort vehicle operator certifications and a valid driver's license is required to be available in the escort vehicle for inspection whenever the operator is performing the role of escort. Failure to conform to escort vehicle operator requirements shall result in penalties imposed under the Georgia Annotated Title 32 Highways, Bridges and Ferries.

1. Failure to maintain a valid driver's license without restrictions other than for corrective lens;
2. Failure to operate a motor vehicle safely. Conviction of operating in a reckless manner or driving while impaired shall constitute prima facie evidence of not operating a motor vehicle in a safe manner;  
or
3. Evidence of performing the duties of an escort driver in a manner with the potential to cause an accident, personal injury, or damage to property.

The Administrator may affirm or set aside the revocation based on a review of the written appeal, the revocation decision, as well as any available documents, exhibits or other evidence bearing on the appeal.
